WHARF AND WAVE.

The German bark J. C. Glade on the 4th instant.

The family of Capt. Thompson, of the bark S. C. Allen, accompanied him on this trip.

Fifteen sailors and two mates belonging to the G. N. Wilcox, left for San Francisco on the Monowai. Chief Officer Hart, of the Mari-

posa, who has been ill, arrived on the Monowai; he will rejoin his ship here. London, Sept. 3 -The Canadian

mail steamer Moiwera left Plymouth for Australia, via the Cape, on Sunday.

1st from Samoa and Fiji, and left Sound country are ardent annexa-on August 4th for Wallis Island tionists, and are heartily in accord and Suva.

The British cruiser Hyacinth, Captain May, returned to port on Saturday afternoon. She went as far as Hilo while she was absent from port.

NORTH SYDNEY, (N. S.,) Sept. 5. The schooner Rigel of Gloucester, Mass., Captain G. W. Dixon, arrived here today, having on board a crew and passengers of the steamer Miranda, which left New York July 7th with Dr. Cook's Arctic excursion. All parties are well. On August 9th Miranda struck a rock near Sukkertoppon, west of Greenland, and was abandoned in a sinking condition on August 23d in Davis strait, latitude about 61 deg. 15 min. and longitude 58.

BRISHANE, Sept. 3 .- The Cambus-Wallace, from Glasgow to Brisbane, went ashore near Swan Bay this morning. The ship is lying broadside on to the sea, about 200 yards from the beach. On Sept. 4th the steamer South Australia passed close to the wreck, but owing to the terrific sea, was unable to render any assistance. A number of men could be seen hanging on to the rigging. The shore was lined with people, and they, too, were apparently unable to assist. While the steamer South Australia was off the wreck, the mizzen-mast of the unfortunate vessel went overboard. On Sept. 5th the survivors from the vessel in a terrible plight, and almost naked. Six lives were lost, five by drowning, and the sixth succumbed en route to Brisbane, from injuries received. The captain states be thought he was 35 miles off land when the ship struck. One by one the crew swam ashore, until only the captain, carpenter, steward, and four apprentices remained. One of the lifeboats was launched, and the survivors got aboard.

San Francisco, Sept. 13.—A long race, from Liverpool to San Francisco, has been ended by the arrival of sail her to the islands and turn her the American ship Shenandoah. She over to a native preacher, who holds left the English port 118 days ago a license from the French Govern-and five days later than the English ment as a pilot. ship California, with which she was racing. The two ships were in company on June 22, but the Shenandeah gradually drew away from her com-panion. Captain Murphy reports that he had many vexations calms and light winds or he would have made this remarkably short trip shorter. The Shenandoah beat the Crown of Scotland, out 160 days, and the Maria Accame, 173 days from the

same port. ADVERTISER 75 cents a month. OAHU RAILWAY EXTENSION.

Contractor Feek and Workmen Arrived by the Warrimoo.

The extension of the Oahu rail way will soon commence in earnest. Contractor Feek, his son Charles, and a force of thirteen skilled workmen, arrived by the Warrimoo yesterday, and an additional force of thirty men will arrive by the next down steamer. Mr. Feek's railway construction outfit, consisting of horses, mules, scrapers, etc., has already been shipped and is now on the way to Honolulu, being aboard the bark Oakland, which sailed from Seattle September 13th. The Oakland is chartered by T. J. King, of the California Feed Company, and, besides Contractor Feek's outfit, has a full cargo of grain and feed. The vessel is expected to make a fast trip from Seattle, as she is a clipper sailer. As soon as the Oakland arrives, active work on the Oahu railway extension will be commenced and pushed to completion. Some two or three miles of the road-bed is already completed and ready for the ties and rails, and, in order to facilitate the construction and equipment, both of these essentials will be purchased in the States and immediately shipped.

Mr. Feek bears the reputation of being one of the most experienced and expert railway contractors in the United States, and the Oahu Railway Company is to be congratulated on securing his services for constructing their extension. In an interview with an ADVER-TISER representative, last evening. Mr. Feek said he had been successful in arranging everything necessary for carrying out his contract, left San Francisco for Queenstown and the road will be constructed without any delay whatever.

Speaking further, Mr. Feek said a great many people had been making inquiries of him concerning the islands and their capabilities, and he expressed the belief that many men of means would soon be attracted to the country. In fact, said he, a number of capitalists have signified their intention of coming to the islands-and some of them would undoubtedly arrive by the next steamer. They will come for the purpose of making investments in different undertakings, having heard the country so The French man-of-war Ducha-ffault arrived at Tonga on August also stated that the people of the tionists, and are heartily in accord with the young Republic and the new order of things. He considers that trade in all branches is brightening throughout the States, and the people and country rapidly recovering from the late depression.

Lucania, Queen of the Ocean.

London, Sept. 15.-The Lucania reached Queenstown yesterday at 3:47 a. m., making the passage from New York in 5 days, 8 hours, 38 minutes. The Lucania's day's runs were: 447, 512, 494, 514, 506, 337, making a total of 2,810 knots, her average speed nearing 21.84 knots. The singular feature of the trip is the fact that the Lucania's time for both the esstward and westward voyages are identically the samenamely, 5 days, 8 hours, 38 minutes -but on the present eastward trip she covered twenty-three more miles than on the record-breaking trip last month. The Lucasia, by her present performance, firmly establishes her position as queen of the sea, having crossed the ocean in each direction in less time than any other steamer. She holds 2189 knots, made last June, and her 560 knots covered in one day is still the record for the longest day's run.

Missionary Work

Within the next few days, says the S. F. Bulletin of September 12, a new vessel will be launched in this city. She will be known as "The Ship of Zion, Evanelia," and was built for the purpose of spreadof the Cambus-Wallace landed ing the gospel of the sect which owns it among the natives of the Society Islands of the Pacific.

The money to build the craft was contributed by the children of the Sunday schools. The dimensions of the boat, as surveyed by the Customs authorities, are as follows: Over all, 45 feet; beam, 15 feet; depth of hold, 6 feet, with a tonnage of 20 tons. The very best material obtainable has been put into her.

The Evanelia will fly the American flag and will be placed in command of Captain Burton, who will

According to Bishop Kelly there are already in the Society Islands 2000 native converts to the faith. The missionary boat is built for speedy trips between the different islands.

The steamship Warrimoo arrived yesterday afternoon, seven days from Vancouver. She brought a heavy mail, 750 tons of freight and a number of passengers for this port. She resumed her voyage about midnight. Legal Advertisements.
